

### **Clay Pigeon Shooting**

Our experienced instructors will set up different shooting positions using the elusive clay pigeon to simulate different birds like Pheasant, Teal and Duck! Breaking the clays is extremely satisfying!

Clients will be charged 20p per shot to cover clays and cartridges, e.g. 10 shots each = £2 per person, therefore it is entirely up to the client as to how many shots are taken. **£550**

We also provide all necessary safety equipment including safety cage and ear protectors!
