

## Local Area Clue Trail

We will design a clue trail in and around the city, town or facilities and grounds of the selected venue. The trail would consist of a number of questions, the answers to which can be found within the designated area.

For this fun event we would divide the group into small teams of 4/5 people. The teams will be briefed before departure and will be given a 'Team Pack', which will include a local map (if required), answer sheet, photo sheet, a 50p piece, a task sheet and a question and answer sheet.

The Trail will take them around various sights and points of interest within the local city or town centre, including a round which involves identifying the location of certain photographs. The teams will also be charged with carrying out certain 'tasks', for example;

- Pulling a Pint in a Pub
- Buying the most valuable item with the team's 50p
- Be part of a Window Display.

Finding the helpful "Professor" who will provide the team with the digital camera for further tasks;

- Take a photo of the team with someone famous!
- ...and will be asked to provide photographic proof of their various antics, to which they will have to provide captions!

In order to stagger the teams we will provide logic tasks with some doing more than others at the beginning but then have to be completed during the Clue Trail.

At the end of the Clue Trail, the teams will have to make their way back to the start point or a pre selected destination (wine bar or public house perhaps) within the given time. Time penalties will be given to teams who are late back.

Local Area Clue Trail: **£850** + VAT (+ travel where applicable) **based on a group size of 40 pax** (please ask for costs for larger group numbers) to include;

- setting up the Clue Trail prior to the event
- all materials including cameras and printers
- complete event management on the day

Event duration: flexible, depending upon requirements but a minimum of two hours ideally.
